Details of Service Provider:

Profile Name: Crystals Of Islington

Website: <http://www.crystalgirls.co.uk>

The Premises:

CCTV greets you as you walk in. Why do some places need this? Too many dodgy customers just off Upper Street? Ok inside once through the double door entry system.

The Lady:

Tall, slim, black hair. Eastern European - like most of the girls here

The Story:

Was all going fine until I turned her over and saw that she had a hairy back! Between the shoulder blades - 5mm long black hairs. Really put me off - something bestial about it. Didn't have the balls to tell her, though, hopefully someone will read this and do so... Been a few times to see other girls there, mixed bunch; too many forced smiles and minimal service experiences.
