The Premises:

Very clean, discreet, and welcoming place. Was greeted by a friendly lady, who offered me a cup of tea and gave me somewhere quiet to wait. The decor and tone of the welcome made me feel very much at ease. Lots of equipment and outfits, and I definitely felt that Luise was fully competent with all of them!

The Lady:

Stunningly beautiful. Tall, with cropped blonde hair, soft skin, and amazing full yet pert breasts. Long legs and a peachy bum. Just a really sexy looking lady. An English Rose.

The Story:

This was my first time enacting and fantasy or role play, and I was very nervous and excited. However Louise is very perceptive, and I found it easy to explain one of my fantasies to her (I'd written some of it down so I didn't forget!) Within a couple of minutes she had all of the information she needed, and left the room to start the fantasy on her return. She re-entered as a sexy nurse, and I was the naughty boy. There's no need to go into much detail, as we all have different things we like, or would like to try. But Lousie was able to read the signals and adapt things as we went, and really led me through a hugely enjoyable door into a new world. The best thing about it was that with such a classy lady, and in a clean flat, it didn't feel seedy at all, more a bit of a revelation on what fun I'd been missing out on. To summarise I had some 1st time anal play, mild spanking, some pussy licking, and a bit of rimming (me giving). And finished with some good old fashioned missionary. My favourite part was sucking on Louise's amazing breasts. And all the time she managed to keep in character, and also keep things light hearted and fun. I am giving serious consideration as to whether to go back. I am so very pleased to have been once, but would be living above my means to become a regular. I cannot recommend the gorgeous Louise highly enough, she has lots of energy and a real air of sensuality about her. One of my life's highlights.. thanks Louise! xx
