The Premises:

Her place was clean but it took me at least half an hour to find her place because of her poor directions she gave me just to highlight the fact she is brazilian so am i so we spoke in portugese the whole time. In her apartment there was an old couple in there which i found odd i dnt know if it was her family or she works for them but it was safe but did seem funny having sex in the room next door to them

The Lady:

she is very attractive but i ahve to be honest the pictures have probley been airbrushed or they are quite old she had a bikini on sexy high heels and one thing i dnt like is that she had braces in her mouth which slightly let her down.

The Story:

it started of with oral with which she said on the phone to me that she does owo i think when she found out im a fellow brazilian she got imbaressed and said that it has to be with the blowjob was average which went on to sex in missionary position one thing i must say, she is very flexible then after she changed the condom and it went to my favourite ANAL there she took my whole length up her nice ass after about 15 mins i came and i cleaned myself up then i departed like jack nicholson. after this punt i realised that i had just paid 300 pounds to fuck a girl and i could of paid 20 pounds in soho for the same effect one word of advice stick to soho guys because these agencys i bloodythieves im not a seasoned punter but i have been doing it for around four years solid and im only 26 i honestly say stick to soho and you will save yourself getting ripped off like me. If any guys want to email me to talk about agencys feel free
