The Premises:

Clean room, very large. The bed seemed to rattle around in it. AVery safe feeling.

The Lady:

Petite girl. Very small breasts but in April she's gonna get them enlarged. Nice dark sticky out nipples (my fave) Facially stunning.

The Story:

I was late for my appointment and I was craving the touch of an Indian beauty. When Reena answered the door I was gutted. She was very petite (not the usual body shape I go for) but her smile won me in a heart beat. I waited in an upper room to see who was free first. Reagan walked in 15mins later and I almost fell in love there and then. I decided to wait for Reena and she was worth it. Very chatty. Great personality, I could take her home. Her fingernails eventually stroked my balls and hard cock. She went down on me, licking my bell end like an icecream cone. Her sucking was deep but not as aggressive as I like. This reflects her gentle nature which you can't argue with. We fucked, her on top. She's tight. Before I came I licked her pussy out, deep and wet and it made her pelvis raise of the bed. I pulled my condom off for more oral. I wanted to give her all my come in her beautiful mouth. She had all of it under her tongue. I wanted to french kiss her there and then but that's something she doesn't do. This girl is a true professionall. You can not go wrong here. I wanna try Reagan next...Kelly Brook or what!
