The Premises:

Debbies is very well-known, so probably needs no description.

The Lady:

Dark-haired, friendly face... great body, with lovely breasts. Not for those who like their women stick-thin, but perfect for those who like "real women". And a nice touch - trimmed but not completely shaved. Lovely smile, and a great laugh.

The Story:

After cutting my teeth, as it were, at Debbies, which is handily just up the road for me, I was wondering about trying another establishment. Then, seeing a new name on Debbies' rota, I was overcome with curiosity.

I tried my luck on a Saturday afternoon, and was told they weren't busy so I drove over and was shown straight into the room. Lisa, who is eastern European but has lived here for many years and has excellent English, was friendly but a little shy to begin with. Without too much in the way of preliminaries, she stripped off and we went into the shower. As we got to know each other, she warmed up - and by the time we got out of the shower she was in fits of giggles over the way she had messed up her make-up.

For all her apparent shyness, Lisa said she enjoyed sex - and she seemed to enjoy herself with me. We enjoyed a very relaxed time together until I could hold back no longer with Lisa on top of me with her gorgeous breasts.

Afterwards we sat on the bed and chatted for some time. Lisa is a lovely girl, very intelligent, with plenty to say - and what better way to get to know someone than sitting or lying naked on a bed together after good sex?
