The Lady:

Slim, pretty enough for me, wonderful breasts. I reckon she has the best pair i've ever been lucky enough to get my hands on...?

The Story:

This was an unfortunate experience. This young woman doesn't offer any 'extras'. I'm not entirely sure what that means, but anything restrictive is a bit of a turn off for me. Especially when drip fed during the session - 'I don't do that' etc. I could feel my passion wither and die. With the inevitable results. My 'Saturn 5' struggled to leave the launch pad. On top of this there wasn't really much raunch on offer. I need to pretend that the girl wants me. I don't think Alexis really wanted me. And that means I am not going to recommend her at the end of this review, rather than the lack of extras, which to be fair I could have asked about before hand. But she does have tremendous assets. Maybe you should just get down to kiss kiss and take them out for a test drive? But watch out, she may not let you come anywhere near them. Or 'on them' ? boom boom!
