The Story:

I didnt. As my first punt this has put me off....Rachel collected me from waiting area by barking my name, and proceeded to tell me how much she hated working at place throughout massage. Attractive if heavy girl she insists on using fake upper class accent that slips and slides and talks as though she is doing you a favour, with the conversation constantly going back to her, her studies, her previous work(someone should tell her she is too tall to have been cabin crew, her endless stories just dont ring true for a lady who claims to be 26. I had a hard on booking in, I was soon patronised into flaccid. Ended with a soft wank with Rachel acting as though she was doing me a favour....thanks but no thanks. Disappointing and a bit of a con
