Nice looking 34 D tits, had a hair insert on and was very enthusiastic ! Pics of her on the site are true.

The Story:

Monika arrived on time as promised. She claims on the website that she is Italian but all she is a Romanian with a cheap attitude. I was asked to pay ? 120 for the hr according to the agency. I ahve used them before and have found them to be reliable for the past couple times the girls there have been trashy. Demanding extras for supposedly inclusive services and saying that they get only ?50 etc and they need to make money by doing these extras. Though on the website this girl is said to do French Kiss etc she flatly refused to do without ? 30 extra and another ? 30 for OWO. The picures of her are genuine and she has wonderful tits etc.. but her attitude leaves a lot to be desired and I sincerely hope that not all the girls advertised as Italian are Romanian! as there is the good amount of difference between a classy Italian girl and a Romanian at least in this business! I mean class the difference.. Seriously guys I would stay away from this trash.
