The Premises:

Well kept apartment in serviced building. Smelt a little funky in the hallway though.

The Lady:

Not nearly as attractive as the photos on the site portray. As others have noted, a small tattoo on her back.

The Story:

A bit of a strange one this.

Started off with assisted bath. She gestured me to sit in first, then she climbed in wearing a bloody shower cap! Sexy.....not really....

She gave me a decent massage in the bath, sucked me off for a few seconds then wanked me off all over her breasts.

Cleaned up, thne retreated to the bedroom where she proceeded to massage me for the remainder of the time. However, she massaged me through a bath towel, which was a little strange. With 5 mins of my hour remaining, she asked me if I fancied another round, but the tone suggested she didnt want to, so I politely declined, got changed and left.

I'm a little bit mystified why I didnt have as good a time as other reviewers have had. Perhaps we never really clicked, coupled with the fact I personally found her a little disappointing looks-wise, which is something she may have picked up on. Oh well.

Wont be going back.
