The Lady:

Carmel is a very striking girl with a fantastic body. She's got dark skin from her Cypriot background and long black hair. to me, a stunning looking girl!

The Story:

This was my second time I'd seen Carmel, the first being so enjoyable I wanted to have the pleasure of her company again. She arrived 10 minutes late but Paul at the agency had suggested this might be the case and texted me 10 minutes prior to the appointment to confirm this - so no problem at all.

I was delighted to see Carmel had remembered so much from the first time we met, appearing as enthusiastic about seeing me as I was her and we were immediately able to fall into a fun and enjoyable conversation. There's no doubt Carmel enjoys chatting and, like the first time she got carried away talking until I suggested we moved things along, this wasn't at all awkward and she readily disappeared off into the bathroom to get ready. Seconds later the door opened and once again my eyes popped out and I must have looked like a kid in a sweet shop.

What followed is a great personal memory, but for the record (and those reading this) very good sex was enjoyed by both of us. After we lay on the bed chatting about experiences and fantasies, one of which we agreed to progress at our next liaison!

So Carmel, thanks again and get on with that research before next time!
