The Premises:

A very presentable flat above a shop, accessed via an external stairway. There is parking to be found in nearby residential streets.

Kitty is friendly, talkative and hospitable which puts you at ease. Kitty herself is senior in this business and runs a tight ship. I imagine this is a good place to work. There are two girls working each day.

The Lady:

Tammy is quite tall at around 5'8". Spanish but with a fair complexion. curly blond hair, a trim shapely figure and sporting a pair at around the BSH. She's very appealing but can affect a haughty look which some might like, but if not don't be put off as she is very nice and friendly.

The Story:

I awoke with the 'urge' and resolved to see the lovely Clarissa once more. On my arrival I learned that she is indisposed and sadly no longer available. Fortunately however, the delightful Tammy was working and my disappointment was quickly dispelled.

After a short wait chatting to Kitty I was led through. Tammy warmed me up with a lot of rubbing and wiggling. We moved on to the bed and she gave me a lovely, slow GFE with lots of mutual intimate caressing. Really attentive and genuinely unhurried, bringing me to a most satisfactory climax.

I was left to clean up and with the remaining time she gave me a very pleasant massage. After dressing she spent some time chatting with me. This was nice as it revealed a little of the lady herself, rather than just the workaday punt often provided elsewhere. In all, another lucky strike. Well done Kitty and thank you one and all.
