### The Premises:

In keeping with the lady herself, a very safe ground floor flat in a recently modernised block, 10 minutes stroll from London Bridge. A warm, well-furnished boudoir, encompassing both the friendly and sexy sides of Dollymopp, with drapes and fine accoutrements enhancing the feeling that you were not in a working girl's flat, but a welcome visitor to her home.

### The Lady:

A 5'4" tall cuddly very attractive girl of some 40 years, just into her prime. She enters into a variety of roles with outfits to match, depending on her own moods and any preferences of her "boys".

### The Story:

A superb encounter with a lady who starts out with a deep one-to-one conversation which endeavours to establish just what common bonds there might be, but then once her sexy glasses are set aside - stand by for fireworks! This certainly was a real genuine GFE, with the pace set by Dollymopp to ensure that every wonderful minute left you gasping as to what might follow. Her kisses, hugs, touches were like those you dreamt of as a raw teenager, but never fully experienced - till now. It would be a most unusual guy who did not succumb totally to her charms. Had I just been a younger, fitter guy, then Dollymopp made it very clear that my couple of hours stay need not have ended there!
