The Premises:

Very clean smart bedroom. Enter by a lift which can be off-putting. A working area but not dangerous.

The Lady:

Thought she was early 30,s but she was proud that she was nearly 40. She was in excellent shape. Not too tall, brunette with large breasts.English which I find great as you can have a conversation rather than a one-way chat which is what I get with many of the young European and Oriental girls.

The Story:

She was nice to kiss which is always a good sign and very pleased when she realised I was into reverse oral. Very enthusiastically she came three times aaaaaand then used her tongue to please me which she managed to do before I returned to her pussy and she came twice more,Her smile was so rewarding and she insisted I had to come back again which I have every intention of doing, It is so nice to find someone that you can chat to and I think we were both disappointed when our time was up.
