The Premises:

Kiss Kiss Massage ? safe, friendly, comfortable. I guess I?m a regular. Maybe I should start getting some sort of discount. Like one of those ?Frequent Flyer? programmes. Or ?Frequent Shagger?. I could have a little card in my wallet?

The Lady:

Victoria is ?Swedish? - buxom, long blond hair, with a nice amount of padding on her tanned and welcoming body. Lots of cushion? for the pushin?, as they say.

The Story:

Great session ? highlights in include me sitting on the side of the bed with this lovely young thing topless, rubbing my back while I smoked a cigarette. Perfect end to a long day. And then a top notch set of ?doggy style?. She is made for this position.

She says she is quite new to the game. If I were her mentor, I would suggest she turns it down just a notch ? she has a lovely attitude, coupled with stonking breasts and magnetic oral technique. But she is a bit frenetic for my exacting tastes. A bit ?over the top?. just a touch. If you remember the film Spinal Tap ? turn it down from number 11. Hope that makes sense. Maybe I should return and tutor her more fully. I could set up a little business testing and advising. Hang on - this could be the career my mother used to talk about....
