The Premises:

Clean place in a new block of flats. However, the appointment was on a fold out futon in the lounge, and the door didn't close properly.

The Lady:

About 5'7" as stated on the site. Nice body, but very strange face which is not at all feminine or attractive.

The Story:

This was the worst punt ever. She left me for 5 minutes, came back and first thing asked for the money. Then went away for another 5 minutes. When she came back I tried to kiss her but she avoided it; no GFE at all. She went straight on with the condom - no OWO, but she doesn't know how to handle a cock. When I tried to give her a hand she pushed it away. I had to tell her to pull back the foreskin because she wasn't making me hard. She was visibly annoyed at this, but did it anyway, but she was so impersonal that nothing happened. She went out of the room again after another 10 minutes and came back to try again, but she left me cold. After a few more minutes of hearing her mechanical moaning I left.
