The Story:

This was my first ever punt, so if you're thinking of joining the club?, read on, you may find this useful.

I have spent many months nosing through the FR?s on Punternet and for one reason or another decided that my recent visit to London would be my ideal opportunity to experience a visit to a massage parlour.

Kiss Kiss had received good comments on Punternet and so I was drawn to seek out this particular establishment. I telephoned to ask who was working and was given a selection of three girls. Nervous, I made my way across the city to the parlour and as I got closer, I had to make a call to confirm directions as I had spent 20 minutes wondering up and down Queensway! The directions received were very good, but I might suggest that any directions provided include the relevant buzzer to push on arrival, as I had to call again to ask.

I was greeted inside by the maid, who was very friendly and welcoming. Having explained that this was my first visit, I was offered the choice of two lovely girls and chose the beautiful Layla. I was asked to undress and after a minute or so, Layla entered the room and asked how long we would spend together. Unfortunately, due to wasting so much time looking for the premises, I had to settle for 30 minutes, which cost ?70. I was offered extras and asked for oral, which was an additional ?20.

Money aside, Layla provided a gentle massage, before I offered to return the favour, which she seemed only too happy to accept. After oiling her back, Layla turned over and I got to massage oil into her wonderfully soft and natural boobs, before giving her nipples and gentle nibble.

Kneeling above her, Layla gave a BBBJ and after a minute or so, I asked her to continue with me lying on the bed and her between my legs, which she did, with a mixture of HR and BJ, which felt very good.

I asked to suck her nipples again and she positioned herself across me, so that I could pay her nipples more attention, which she seemed to enjoy, before positioning herself beside me, taking me in her mouth again, while I rubbed her pussy through her thong.

I offered to return the oral favour, but was told that this was extra! I didn't mind paying for my pleasure, but didn't quite expect that comment, as reverse oral was not offered as an extra at the beginning of our time.

Layla continued to wank and suck me, until I came, after which she carefully cleaned me up and sat beside me for a moment chatting over my day.

I was offered a shower, but declined, as I had cleaned up before setting out on my adventure! Parting with a kiss on the cheek, I thanked Layla and made my way back to my hotel.

Layla is a lovely girl, with a friendly and bubbly manner. I appreciated her company on my first visit, but would have preferred some nice kisses and even the opportunity to fuck together. Perhaps this was due to my selection of a 30 minute session, rather than my originally planned hour.

I am back up in London again in a few weeks and I am hoping to pay the parlour another visit, maybe to visit Layla again, or perhaps one of her lovely colleagues.

If you are a nervous first timer, I would recommend that you pay Kiss Kiss a visit. You will enter with butterflies, but will leave glad you made that bold step into the often mis-understood world of a well run massage parlour.

Thank you Layla. It was a nice experience.
