The Premises:

London Retreat reported on many times - Friendly, safe, clean, discrete, well equipped BUT just wish they had a bigger playroom - about time they made some changes to fit in more play equipment.

The Lady:

Beautiful - wonderful lips - slim - delicious - sort of girl you could fall head over heels for.

The Story:

Many visits to the retreat but first with Danni - asked her for specific role play and she listened carefully and played out every word. Asked for her to be a split-personality i.e. cruel mistress one moment and loving mummy the next. She was on occasions totally unreasonable, flying into wonderful anger, face-slapping and torment for tiny infringements such as looking at her without permission. Next moment loving kisses, caresses and sex-on-legs to make me feel better after my cruel treatment. A glimpse at her body earned me time on the cross with pin-wheels and needles on my cock and balls and then hot wax everywhere she wanted. All the time the pain was alleviated by her kisses, whispered endearments and skilled sexual touches. Then pulled on to the bed for doggy, mish and severe face-sitting with urgent demands for deeper and deeper rimming while she sucked and played with me. Almost lost it with my tongue deep inside her but managed to hold on until she insisted on a cream bath for her wonderful breasts. Then no rush, friendly chat and kiss bye-bye. Hope to be back soon. Life's too short not to play with ladies like this.
