The Premises:

The house was easy to find on a main road with the bright red door set back from the street. The house was clean, tidy and welcoming. I felt quite safe.

The Lady:

Serena is a pretty Swedish girl with good English, blonde with full breasts that invite you to caress them. Her figure is curvaceous, medium height and pleasantly rounded. She was dressed in black lingerie when she came into the room which suited her figure well and made her look even more desirable.

The Story:

I felt I was an intimate guest in her home, as she made me feel welcome and seemed genuinely glad to spend the time together. It was her first day in the establishment and I didn't ask if it was her first day ever. Even so, she was not nervous but seemed to enjoy our time.

I have to say I thoroughly enjoyed our time together. We started off caressing each other as our clothes fell to the floor and then moved onto the bed for a delightful massage where Serena used her breasts to stimulate me all over. Then covered oral which was among the best I have had. By this time Serena was ready for more and lay back, spreading her legs and inviting me inside. The rest of our time was spent kissing and enjoying missionary with Serena cumming twice (yes she really did). I couldn't misunderstand the dreamy expressionless gaze and the way her legs gripped me in that unmistakable way. She was actually surprised and at first embarrassed saying that I should be the one cumming, not her. That was how much she enjoyed it.

The time went too quick and after a quick shower, she gave me a kiss goodbye.
