### The Premises:

My fault for not booking but was shown 3 girls and told only Chrystal was available. Excellent marketing from Intimate (I will be back for sure), but it was a little like 'look at what you could've won!'

### The Lady:

I wouldn't have chosen Chrystal from her photos nor was I that encouraged by the first introduction- she was fully dressed and had possibly just arrived for work. How wrong though first impressions can be.

Once in the room I realised just how long her legs were. They just go on for ever. She's also really pretty when she smiles, even if she gives the impression that she's a bit vacant.

The first time I've had my hands on enhanced boobs and not something I've been attracted to in the past. I'm a covert though, very nice!

### The Story:

Would describe the sex as good but didn't connect 100%, a language/sense of humour thing. Nice girl, great body and ok attitude. It all felt a little bit hollow and procedural though. As mentioned above, a pretty girl but she kept looking in the mirror at herself with a distant look in her eyes.

In all, glad I went and, by virtue of circumstance, that I saw Chrystal. So, yes, I would recommend her to other punters.

Would I myself visit her again? Actually (pause to think) no, probably not. There are too many nice ladies both at Intimate and elsewhere and too little time left in life to see them all.
