The Lady:

Scarlet is petite, only 5'2", and very pretty with shoulder length auburn hair, a wicked twinkle in her eye and an equally wicked EE bust in her top. She is in her late 20's. In the nicest way possible I would describe her as a real Essex girl and I suspect further research may reveal that she was the girl who originally put the Sex in Essex ;-)

The Story:

For reasons I'm about to reveal there is a very real possibility that Scarlet may simply be too good at her job!

Once we'd established that neither of us had any interest in any kind of token massage an almost instant rapport was established around our mutual love of down and dirty foreplay. Scarlet is very passionate. Introduced to the job by Vicky (today's maid and previously reported on at this establishment favourably by myself and with whom Scarlet has swung and enjoyed a lesbian relationship) Scarlet says she has never looked back and certainly shows her enthusiasm with passionate kissing, close body contact, dirty talk, wanking and ravenous OWO. All this was impressive in itself but it was when we got down to fucking that I found myself surprisingly out of my depth ;-)

Although I don't usually suffer from premature ejaculation I still wear a cock ring to to help pace myself. As Vicky can testify this has proved highly effective in the past with my having brought her to three orgasms over the period of an hour, the ring allowing me to concentrate on pleasuring the lady without having to hold off every few minutes. Thus tried and tested I thought I could keep up the same performance with Scarlet. How wrong I was. You may think, as I did, that the missionary position is the missionary position is the missionary position with the only variations being your angle / depth of thrust and the position of the ladies legs with the rest being down to chemistry. With scarlet I discovered something new that I don't mind admitting overwhelmed me. Never in my life have I ever come across a girl so pro-active in this position. While gripping the frame of the headboard and screaming "Fuck me" scarlet set up what I can only describe as a body ripple that

had her contributing to the thrust action as much as I was. I can only describe the situation as me finding myself on the receiving end of a sexual wave machine and the only drawback was that as erotic and physically stimulating though it might have been, all of this on top of the surprise of it all meant my cock, balls, cock ring and all stood no chance and surrendered their load in about two minutes !

Scarlet, bless her heart, was very apologetic but she certainly had done no wrong and all was far from lost. A kiss, tender cuddling leading to more foreplay saw us back in action with an enthusiastic doggy fuck and my finally just about mustering enough cum for Scarlets ever receptive mouth.

Another favourable thing I have to report about this establishment is the sense of family it promotes. Sometimes the nicest part of a visit can be having a hug and a giggle with the girl and the maid as you get ready to head home. Such a vibe is fun, affectionate and everything a punt should be at the end and the staff of Charlie's Angels provide this in spades.

Back to Scarlet. She is also something of an Anal enthusiast but wisely keeps anal days for when she is 100% comfortable in this department. Another day maybe.

To sum up, Scarlet is one very sexy girl but beware, her technique and performance might just sweep the unsuspecting away. Mind you, all things considered, it's one hell of a way to go . . . ;-)
