The Premises:

My first visit to WFB. Booked over the phone that morning despite never having been before. Helpful directions. Receptionist polite and welcoming, got me a drink on arrival. Relaxed atmosphere in the lounge. Nice sized room with ensuite shower. Water temperature either too hot or too cold but that was the only negative. Overall, seemed like a class act to me.

The Lady:

Hot indian babe, mid 20s, 5'6 (if she's given the benefit of the doubt), waist length long dark hair, slim, toned stomach, gorgeous small natural breasts, extremely cute bum, couple of small tattoos, facially nice looking, shaven pussy with a small amount of hair above. Photos on website are a good likeness. No sign of her hat though (see pics).

The Story:

As a professional sex worker, Farrah impressed me more than any of the other five WGs I've seen. She's got the looks, the confidence, the people skills and is not only good at sex but is willing to bring her sexuality into the room. Farrah is lively, intelligent, fun, talks and laughs a lot, seems a genuinely happy woman, perfectly content with her chosen occupation. In the room she is both sexy and sexual, fully present, multi-orgasmic.

After a break of over a year from paid sex, having had Farrah's pics on my computer for a while, I finally succumbed to the temptation. I was after an experience rather than an orgasm. If I'm paying then I'm only interested in seeing super hot women and as much as I'd like the encounter to be fun, pleasurable, at the time, I'm really after something that I can smile about for a few weeks, or even months, afterwards. My sessions are slightly weird as I tend to get turned on when the WG is visibly aroused so I've been taking along a few vibrators (including Magic Wand) to act as a catalyst.

The session: Quick shower then plugged in Magic Wand. Explained what I'm into. No massage. Got her to undress and put her hair down. Farrah's a sexually confident woman, fully aware of her orgasmic powers and comfortable with being sexual in the room. Strange looking vibrator, stick it on clit, off we go. She kisses passionately (surprisingly so), moves her hips while riding on top, squeezes her pussy muscles. (I would have like her to squeeze a bit tighter but) Generally gets

stuck in, sucking cock, licking my perineum, demanding kisses. Perfectly happy to adapt, change positions, listening intently when I try to explain things. Good owo and indeed ow after one of her many orgasms. A funny moment when she took a dislike to the taste of her cum on the condom.

Her orgasms are spectacular affairs, loud, vocal, enthusiastic. She climaxes easily from both clit stimulation and penetration. With the Hitachi Magic Wand massager on her clit she was orgasming after a couple of mins. She laughed about the effect the Magic Wand was having on the size of her clit. Worth noting that she does get very sensitive after orgasm so needs a few mins rest before starting off again. Not sure about the orgasm count, perhaps 15 or so, of which I contributed to only two or three (more if you count holding the vibrator as a genuine contribution). At one point, while she had Magic Wand on her clit, I was forcefully thrusting a couple of fingers against her G-Spot, secretly hoping that she might squirt (I've been watching too many Cytherea vids), but no luck, just another loud regular orgasm for the hot indian babe. She also tried pocket rocket and liked that too. But 7 speed rabbit was brutally rejected with a cutting remark about having had a rabbit but not being impressed and subsequently giving it to a lesbian friend in India who loved it.

Highlights: Farrah facing away from me, cute bum in full view, hips gyrating, rocking back against the Hitachi Magic Wand, as she approached orgasm, was some sight. Breathing in sync, deep continuous breaths, with her lying directly on top of me, was another nice moment. She hadn't come across a Magic Wand massager before and did enjoy the powerful vibrations. I liked fingering her G-Spot while her vagina pulsated with pleasure, even though she didn't squirt. Her gorgeous breasts are just perfect for stroking during intercourse.

Downside: In some ways we weren't a good match for each other sexually. I'm into orgasmic trance sex, left the planet, lost in the sensation, while Farrah's sexuality is rapid fire with a stop start nature to it; moving quickly to orgasm, then too sensitive, then start again. I would get turned on then go off the boil as a result. I'm still finding that condoms don't give me enough stimulation; not found a solution to that one.

Verdict: I enjoyed the session. My grand total of 10 paid encounters have included a couple of shockingly awful ones and two disappointing sessions but Farrah certainly comes in the category of those that were worth the fee paid. I wasn't smitten by Farrah as some other reviewers seem to have been but I did like her outgoing personality, her hot body and her sexuality. For a first session it was fine (two days later I'm still smiling thinking about it and I suspect it will remain a fun memory for some time) but the magical element, that has occurred in a couple of my other sessions, was missing. It's great to be with someone like Farrah, who is clearly good at sex but it can't compete with introducing someone to a new level of pleasure and being able to watch their reaction.

Farrah currently works tue at WFB Bury, wed at WFB Swinton and thurs at the Gallery where she is known as Zara (lots of hot pics of her on the Gallery's website).

If anyone wants to know what to get Farrah for her 27th birthday, still a few months away, a Hitachi Magic Wand, preferably with attachments, would be much appreciated. She wanted me to do so but I'm afraid I'm just not very nice.

There are quite a few reviews of Farrah on the web but you need to know where to look; for those interested, her PN reviews that I'm aware of are: 89892, 86703, 86217, 82902, 62638, 62378, 61591, 59025.

51570, 51334, 50770, 49192, 49013, A couple of clients seem to have caught her on a bad day but otherwise the rest are generally enthusiastic. Her feedback on LBB forum and Preston Punters is also very positive with some clients totally smitten by her charms.

Quick clarification. Appointment booked over the phone for 2.30pm but she was running slightly late so we started just before 3pm. The fee was ?100 + I gave her ?20 to cover extras/tip at the start of the session.
