The Premises:

Hotel in Gloucester road, nice and private entrance. The room was nice and clean.

The Lady:

Alex opened the door for me wearing some very sexy lingerie (Black fishnets & heels). She was concerned that this was ok and offered to change into something else, for me she looked more than good enough to eat!

The Story:

Our respective glass of wine poured, Alex told me she wanted to see my cock, she had it out my jeans and in her gorgeous mouth in seconds! Perfect deep throat, ball sucking and rimming in various positions and then I was told to fuck her ass while she bent over the desk, first I went down on her and returned the favour tonguing and fingering her holes until she was wet. We moved from the desk to bed a few times until we were well and truly spent and in a heap of sweat. We chatted and found we had similar tastes, I really hope to see her again soon. Alex is yet another legend in the making that /max has discovered.
