The Premises:

Flat in period building near Lancaster Gate. Slightly scruffy but acceptable. Shower basic but does work. Parking restricted due to road works but available within about 3 mins walk. Near tube.

The Lady:

Photos are accurate. Pretty, slim olive skinned girl with large firm breasts. One reviewer said she looks older than the pix but maybe she was having an off day. Pix looks fair to me.

The Story:

I have seen her a few times now. A cute looking tight Romanian girl who brings out the worst in my prematurity problem. Oral is covered. No French kissing. Don't know about A. Suspect not available. She's quite a friendly girl - at least with me - though I am undemanding so that may help.

Can confirm previous reports that her phone rings a lot (rang three times whilst I was on top of her - though to her credit she didn't answer it!).

Recommended, though from other reports clearly not for everybody.

Recommended for rapid and effective relief.
