The Lady:

Website photos are a very good likeness - possibly just a year or two older, maybe just a little less toned, but definitely stunning, the best looking girl I've had in years.

The Story:

Samantha understands no English at all ("When did you come to London?" "Sau Paulo"). I had a nice time, but it would have been nicer if I could have made her understand things like "a little slower please" and if every change of position didn't require elaborate sign language. Kissing was with tongues but not deep, oral was covered but otherwise very good, she didn't allow fingers inside her but did allow me to use a dildo I'd brought. She did a very good job of pretending to enjoy the sex, with lots of good eye contact, but after 35 or 40 minutes every time I stopped to change positions it was clear she was hoping I'd finished. After 45 minutes she managed to make me understand "5 more minutes" - I don't know what would have happened if I'd insisted on the full hour, but I'd had a good time and went home happy. If she sticks around long enough to learn a little English I might well see her again.
