The Premises:

Decent Flat, entrance is at the back of the block (slightly confusing). Flat was clean, area nice.

The Lady:

Valeria has Beautiful Long dark hair, Blue eyes, about 23/24 years old, 5ft7, She is the girl advertised as per her photos on the web site, possibly a year or two older than her photos. Facial Looks 8/10, Body 10/10 (outstanding body)

The Story:

Valeria started with a short massage, then things went down hill from there. NO OWO, NO Kissing (not even a peck on the lips). She then went on top for about 4 minutes until becoming tired. This was actually enjoyable until she stopped. She gave NO eye contact what so ever throughout the hour (it was as if she didn't want me recognising her, maybe she's on the FBI's top 10 most wanted list), fake moaning, No real enthusiasm.

Whole thing was too rushed, padded out with boring posturing and the conversation was very hard work. By the end I hoped she would slightly recover with some conversation, which went ok until she started getting dressed before the hour was up, that just broke the scales for me. As I was leaving I noticed someone else was inside the flat (Valeria stated it was her friend, I didn't see if it was male or female) this left me feeling slightly unsafe.

A real shame, Valeria is very good looking, but She really needs to develop her routine/attitude. If she can add OWO, Kissing, and some real personality to the job then she could be a real diamond for the near future. As she is, whole package just isn't good enough/worth the money, at the very best an average punt.
