The Story:

shown into the first bedroom & introduced to the two oriental girls on duty, i choose may, who returned for discussions. menus were placed all over the walls & i pointed out 25 minutes of oral & sex with kiss's option (didn't ask for the toy's option). this was with condom, presumably without would have been more, as many of the other choices were without. told to go up another short flight of steps to bedroom 1, on mays return i helped her undress & she emmediatly started to snog me. onto the bed & the next 25 minutes was a bit of a blur. i remember we had fabulous sex in mish, side by side & twice in cowgirl, a great blow job, wrist job & plenty of snogging. but not necessarily in that order. very concerned that i had a good time & very friendly (despite slight language problems) it was as near a perfect session i could have wanted & excellant value for the money.
