### The Premises:

Very quiet and very safe. Plenty of free car parking around. 100% safe.

I'd been in London for a couple of days, and decided (very last minute) to see Nicole. She did however tell me that she travels too. I was particularly pleased to hear that she also travels to Manchester occasionally to stay with a friend. Looking forward to seeing her closer to home some time soon.

### The Lady:

Average height, good looking and very, very good company. Oh yes... and the biggest set of boobs I've ever set eyes (and then hands etc.) on!!

An absolutely enormous rack. Both of my very large hands weren't even coming close to handling one of her boobs. Apparently they were 40KK - I think they're even bigger given my many years of seeing big breasted women around the world, I don't think I've ever seen any as big, heavy or full. Other WG's may claim to have bigger, but come nowhere near to Nicole for fullness and firmness - they haven't drooped with gravity if you know what I mean.

OK, she might not have the slimmest body in the world, but she's not the largest either - everything is in proportion. Carries it extremely well. Nothing wrong with a few extra lbs in my opinion !!

### The Story:

From the moment she opened the door and, well... followed her boobs into the room, I was just awe-struck. What I was looking at was the biggest cleavage I'd ever seen. I was simply speechless.

She knew which buttons to press, and what a big boob lover wants. As I was sat on the edge of the bed, she walked up to me and pretty much blocked the sunlight out by sticking her chest right in front of my face. She presented me with my options. I opted for breast relief - duh !!

It was only then that she decided to unleash her boobs from her enormous bra that was obviously straining to cope with their weight and size. What followed was a blur - a mix of smothering, teasing and bouncing. I was already straining to keep myself from letting go at the sheer sight of her chest, but when she decided that she wanted to get a little more 'heavy' on the titfuck I could hold back no longer. The sight of those massive jugs bouncing/wobbling uncontrollably, just made me let go - unfortunately !!!

I know that this report may have come across as one-dimensional - but I'm a big-boob fan and it's all I'm really interested in. If the girl ticks the right boxes, she's game.

If you're a breast-man - this is it gentlemen. It doesn't get any better than Nicole in my experience !!
