### The Premises:

Discreet modern apartment near CMK with car parking nearby. Very hot day so could have done with fan in room.

### The Lady:

Very attractive with long blonde hair, 5ft 7, late 30?s , slim tanned & well toned figure with long sexy legs and pert natural 34C boobs. Her pix are very accurate and convey her look very well. Stunning looking lady.

### The Story:

As soon as Charlize entered room dressed in very short slinky black mini dress & heels I knew I?d made a good choice to see her. Looked fantastic and for lady in her late 30?s has a jaw dropping figure. Gave me horn just looking at her. Classic MILF style with an inviting smile and upmarket accent.

She didn?t waste anytime on small talk and after a kiss & hug on sofa, started off with slow teasing lap dance which just made me even more aroused. After undressing, she planted some more nice warm kisses while I got to grips with feeling her amazing body.

On to the bed for some delicate slow OWO and remarkably tender stroking and ball/shaft licking which is fine for me as I can be quite sensitive. Very pleasant and just how I like it. We tried reverse and front cowgirl and then doggy - and after that some more OWO before back to cowgirl again. All felt really good but best was front cowgirl as she really rides you which she seems to enjoy from the many appreciative sighs she made. She also combines it with some ball tickling/chest stroking, fleeting kisses and me sucking on her lovely pert boobs and getting my hands all over her fab body & legs. Lovely stuff and really could have spent whole session doing that.

It was very hot day so really worked up a sweat with that and needed a break & a cool drink. Had another nice hug/kiss while I recovered then onto another go at reverse cowgirl before finishing off with HJ and her delicate ball stroking till I burst.

I had a very nice time with Charlize, she's a stunning looking woman with a very natural alluring aura about her and really enjoys herself which I always like to see. Will be returning again for sure.
