The Premises:

Great location, not far at all from the tube. Flat/bedsit is hers and quite a pleasant space to spend time in. I stupidly compared it to my dentist's (light, artwork, music), who is trying to cover up for inflicting pain (and not nice pain); I hope she didn't take too much offence.

The Lady:

Unbelievable little package. Beautiful, flawless brown skin. Muscle tone in spades, tummy to die for, gorgeous natural breasts and a perfect pussy. Petite, as an American might say.

She seemed quite sophisticated, despite me booking two hours because I wanted to get to know her a bit... I didn't. I will take the blame for that as after a disastrous afternoon at work and a typical July afternoon on the tube I was slightly razzled. I hate that we expect "closeness" in these things when we have just met someone but... a bit more of that would have been nice. I don't think we hit it off but I am someone who you need to know for a while to like so that is probably me.

I wish she'd been a bit more awake though, popularity seems to be taking its toll and red bull is no substitute for sleep. Put your prices up Serena, you're worth it!

The Story:

Everything was good. Offered a beer, had two. Nice chat, a bit guarded but like I've said, we were strangers. She finally wondered what the hell I was doing in her flat and offered me a shower. I had been ranting slightly about why I was there, I need to get over someone and this is my last resort (honest!).

Nice cuddly time although I wish she't not been so distracted/sleepy. Really nice pussy eating session, great relaxing time after that and then a pretty good fuck. I managed to cum inside her (fantasising about her beautiful body) which I've not managed for months. It would have been quite nice to fall asleep with her and wake up both fresh(ish) about 4 hours later and have a really good go at it but alas, we're not quite so gentlemanly as to pay them to sleep first. She did manage to make me think whether or not this was my thing and I think it's not.

That said, she is described on the website as FAB and indeed she is.
