The Premises:

Safe, usual nice neighborhood in west london. Small studio apartment, sparse but clean

The Lady:

Same girl as pictures, but obviously somewhat photoshopped. Died blonde hair that is quite dry because of dying. Wonderful tan over most of body but breasts and bikini line are untanned. Brazilian (both her and down below!) Boobs look nice but are fake. Good figure and pretty.

The Story:

Nice girl but inexperienced. Not very intimate (no kissing and generally uninvolved). Oral was with a condom and brief with poor technique and no interest. Sex was quite uninvolved, cowgirl reasonable and missionary not great. No rush but she didn't offer a second round, just gave me a reasonably good back massage after first pop. Nice friendly conversation afterwards. Nice enough girl but she is not in the right line of work, she is just trying to make some money and she will succeed despite substandard service because she has the right look and good pictures.
