### The Story:

Started on my front and she quickly had her hand between my legs fondling me and getting me hard in no time. She asked what turned me on to which I replied 'living up to the name of Throatfiller'. Unfortunately oral without and CIM was not on offer, but after I turned over onto my back she pretty well managed to take all my rubber clad cock into her warm, willing mouth. I'd earlier asked her what turned her on and she said 'lying on my back with my legs over a man's shoulders'. She dutifully obliged and I entered her whereupon her eyes lit up as though I'd flicked a switch. I don't think she came, but she certainly enjoyed my efforts, letting out little gasps and her eyes glowing with pleasure with every thrust of my cock.

I came far too quickly and we lay side by side and chatted for 5 minutes and I learnt she was a University student making a bit on the side. All in all a very nice girl and good VFM.
