The Lady:

she was in red lingerie and looked not as good as her photos but ever so slightly.

The Story:

She was very accommodating. A bit off putting because she kept mentioning how young and cute I was which was quite annoying. She was a nice girl but I am sociable enough outside the bedroom so she was a bit too chatty for my liking.

Once we got down to it she did everything I asked of her. Rimming, foot fetish etc. With the foot fetish she told me she was into mens feet and because I had nice feet she even sucked my toes which was strange to be on the receiving end but fantastic.

All in all the experience was fantastic and although I am not sure I would return again I can understand why she has great reviews and can see how most men would like her.
