The Lady:

None of my usual favourites were available, and I chanced on Tiara (goodness, where DOES Ian the boss dig up names for his girls?). The outfit she wore didn't flatter her in the slightest, and I was more taken by her bubbly personality and pleasant conversation. Tiara's very tall, slim, with lovely neat tits.

The Story:

Right from the gun, Tiara gets down to business. Straightaway in the cabin, she peeled off, ready, as she said "to give you no quarter". I rose in respect.

She sucked, played and titillated, telling me a little about herself. By her own confession, she's randy and "very promiscuous". So we slipped into several positions, and she climbed aboard and was clambered aboard. She doesn't readily come, but that was no problem for either of us, She really put herself out to make sure that we both enjoyed ourselves.

A good punt with a fine lady.
