The Premises:

Very clean apartment in a very safe and secluded area, could park right outside after getting nearby she guides you to where she is cos she dont give address out - fair enough. In a good area, you can tell shes a clean person from the way she keeps things, no funny smells etc..

The Lady:

Well fit - very pretty face, excellent teeth, tall with great natural tits and arse 34D, mid 20's and slim with long hair. Was wearing sexy black lace undies, g-string and lacey black hold-ups with high heels - couldn't wait to get my hands on her and do the obvious.

The Story:

Got my kit off, was hard just from seeing her stood there, had to get those nipples in my mouth before i lay down, pulled her bra cups down and gave them a slow suck which she liked. I think she was genuinely horny from this and gave me a really intense massage, stroking my cock and balls then playfully spanking my arse to get me to turn over. Then she took my covered cock in her mouth sucking and licking the end. Then she got me to stand up on the floor and carried on, getting more of me in her fantastic mouth - very much a turn on!. I gave her some o in return on her well sweet and wet pussy; very sensitive clit and rammed my face into her pussy when she came. Then onto mish, she asked for doggy and made plenty of noise and i couldn't hold it anymore at that point! No kissing but that didn't really matter cos everything else was bang on, and i don't get why someone as pretty and classy looking as her isn't charging more. Will deffo go back.
