### The Story:

from the get go this was awkward. She obviously didn't want to be there, and all I could was laugh - just cause it was so awkward. I don't normally report but I feel as if this girl wasn't there out of her own free will. or if she was her heart wasn't really in it. Very below average punt - the worse i've had in a long time. I have been to this establishment before and never been disappointed.
