### The Premises:

basement flat in notting hill.

### The Lady:

Nothing like the pictures, no longer has dark hair, breasts enhanced with visisble signs, tummy tuck with scars, photos have been well and truly air brushed.

### The Story:

Noemi, if it was really her, was friendly enough but did not speak a word of english. I asked the lady on the phone before the booking if she french kissed and did owo and she texted back saying this was ok. This was a lie. When Noemi was fully dressed in stockings, suspenders and basque she looked quite good but once the clothes were off scars were on her stomach and beneath her breasts quite clearly not shown on her pictures. Probably nearer 30 than 22. After this experience i will not use another London agency. This was the about th 7th time i have used one in over 100 punts and two have been good but 5 terrible. when you are spending ?150 and getting a service that is worse than the poorer soho walk ups then its time to stick to them and the parlours . ok you may get the odd bad punt but then you have still got another ?50 - ?100 left to have a good one.
