The Premises:

Her boudoir is not far from Borough Tube and is, without doubt, unique - the result of many years collecting object d'art within a narrow range of complimentary themes (art deco and the belle epoque being the main influences as far as I could tell). It was wonderful. I was captivated and entranced by the ambience of the room before Dolly had even kissed me.

The Lady:

Dolly has jet black bobbed hair contrasting her pale, flawless skin. She had mentioned her tattoos on her blog and has "half arm" designs, which can be hidden under a short sleeve or uncovered under a strapless gown. I wasn't sure how I would feel about them, but they are truly beautiful. Simply put, Dolly is absolutely stunning with a gorgeous figure and the naughtiest of smiles.

The Story:

I've admired Dolly from afar for many years. I'd first noticed her through her incredibly impressive internet presence. She also seems to held in unique affection by other women who share her profession. Unprompted, I've heard comments from other escorts as to how "adorable", "just lovely" and in one case "the girl I'd most like to get inside the pants of". Once I suggested a threesome with Dolly to another girl, only to be met with the comment, "Wow, that would be amazing, but I would be so nervous to be with her, it would be like meeting your teenage idol. I'd be goofy and tongue-tied".

Having heard so much about her I was really quite nervous as I made my way to her boudoir. She had invited me to spend the afternoon in her home and had promised me that we would start with a picnic on her bed, which was a perfect combination of exotic breads, cheeses, fruits and champagne which finally led to a gradual, slow and sensual seduction.

I was wearing a Liberty print tie with my business suit which seemed to match the art on her arms perfectly. As I eased her dress down from her shoulders it was almost as though she was wearing an extra, infinitely thin, but perfectly fitting, exquisite piece of lingerie. I traced the pattern of the flowers with my tongue and became lost to the world.

Despite the build up and hype, she is a thoroughly lovely person - no trace of diva-ishness at all. I can honestly say I haven't felt as relaxed and "on song" with anyone for a very long time. She is one

of those people that is just "herself" - nothing false or contrived, just a gorgeous, happy, relaxed, funny and well balanced person. I think the secret with Dolly (actually not a secret) is to realise that she loves her job and wants BOTH of you to enjoy yourselves. I think we were both very happy with how the day progressed.

I'm not going to go into blow by blow detail, but it was a wonderful afternoon, with no clock watching. In the words of the song, "Every little thing she does is magic" and some of those things were first for me. Eventually I had to drag myself away which meant I was late for my next meeting, but frankly, I just didn't care!
