The Premises:

Just off the Edgware Road, though a bit tricky to find the actual flat once inside the building.

Light keeps going off in the staircase, does not seem very safe.

Entrance to the flat is from the terrace inside, where the only light is in front of her flat, clearly shining on whoever is standing in front of the door (the exact opposite of "discreet")

The Lady:

Slim Asian girl with artificial tits. More or less as in the pictures on a website.

The Story:

Unfortunately a disappointing experience. Summer acted in a weird way, avoiding to do pretty much anything. The usual trick of "stop, it's tickling" etc.

Constantly trying to jerk me off by hand, which is not what I would ever pay money for to anybody :-)

Reluctantly started with OWO, but had to insist several times that I want her to finish me off like this.

I wanted to CIM but she quickly pulled it out as I started to come and instead I finished on her tits.

Afterwards she was again weird, and after 10 mins I decided to leave even if I still had 20 mins left.
