The Premises:

Easy to find thanks to good instructions over the phone. Room was well equipped.

The Lady:

Mid 20s with long brunette hair and an attractive Midlands accent. A slim girl with, as they say on the website, a busty figure.

The Story:

I've dabbled with the BDSM scene a couple of times previously, but I wanted to try out a few new experiences and the London Retreat looked like it fitted the bill.

On arrival, I was quickly ushered into the room where Danni instantly made me feel very relaxed and able to freely discuss with her how my hour would pass.

The hour literally flew by. We started with me worshipping her feet before being put over her knee for a brisk spanking. My cock and balls were then tied in a stocking and I was tied to the X-frame, where I was whipped with a paddle and had nipple clamps applied. At one point I was blindfolded, whilst Danni caressed, squeezed, slapped and pinched various parts of my body.

We then moved to the bed where I was given six of the best with the cane (ouch! still feeling those now) and then she took me from behind wearing a strap-on. That was a first for me.

We finished with us having sex with me on top. As I was pretty turned on by then, I didn't unfortunately last long.

Danni was great throughout making sure that I was enjoying myself. She's a lovely person who clearly loves what she's doing and that translates itself into the session.

I'll be back, as Arnie would say.
