The Story:

First time for me at this establishment, had been looking for similar for a while ? advertised as a massage parlour, and for once that is exactly what it is (with a kick). Finding myself at a loose end this afternoon, headed over to Bletchley and located it easy enough. Friendly welcome at the door (apologies, didn't catch receptionist's name, although I'm sure it's known to others). Led upstairs to massage room, which on first impression gave the sense of being a legit (sic) massage suite, extremely clean and tidy. Wasn't offered a choice of girls ? maybe they were busy, if so they were very discreet ? and was introduced to Lizzi. Lovely English girl, extremely friendly manner. I opted for the 1 hour full body massage. Well, it was exactly what I was looking for. Both of us having disrobed, I lay on my front and was treated to over half an hour of back and leg rubs from Lizzi's hands and breasts ? no sense at all of clock watching. Take it as a compliment, but I almost fell asleep a couple of times. Of course, once I was flipped round onto my back the fun began, but even here it wasn't rushed in the slightest and the handjob finish felt a natural part of the massage experience. Definitely recommended for those easing themselves into this scene, and even if not and you are just a little tired or unenergetic, this is a wonderful way to spend an hour of your life.
