The Story:

Arrived at her hotel room after getting the room number from the agency. Had a quick shower, came out and Tara was waiting in bra and panties. Got a lovely OWO along with plenty of ball licking. I returned the favour by going down on her pierced clit. Tara seemed to enjoy this. Soon it was on with the rubber. First she rode me in cowgirl then I pounded her mish. I ended up emptying my load inside her. We sat back and had a chat before starting all over again. A friendly girl not a clock watcher either. Will see her again sometime. I did do something silly as I was leaving though. After getting dressed, I picked up her sunglasses thinking they were mine. I only noticed about half an hour after my punt. I must've looked a right pratt walking around the street with girls sunglasses on my head. But I did manage to contact the agency to have mine returned. But only after waiting outside the hotel like a muppet for an hour or so.
