The Premises:

The place was in a block of flats ground floor basement flat in a quiet area of Lancaster Gate typical accommodation for escorts. Have seen better places but was adequate for the deed.

The Lady:

Girls was a Romanian girl 19 years of age long brown hair with streaks. Pictures on site much better must have been photo shopped as she looked like she had put on a bit of weight. Had panda eyes looked like she had not slept for weeks. Probably a size 10 figure.

The Story:

I must say with all my years punting this was the worse experience I had. Greeting me at the door with lingerie took me in the room not much conversation although her english was generally ok. Started with a BJ but technique was not good as felt her teeth so asked her to stop next it was missionary which she just laid their pretending to fake it tried to kiss her then I noticed a coalsore by her mouth so I stopped straight away made me think herpes. Eventually just asked her for a handjob and left. This girl is only interested in one think MONEY not service, guys do not waste money on her plenty more GFE which offer a much better service.
