The Lady:

As per website, the pics on her site do not do justice to this very beautiful lady, very sexy in appearance & manner.

The Story:

Emily arrived on time & was dressed appropriately, A lovely kiss on arrival.

Moved quickly to bedroom where she changed into requested clothing, im not going into details as to what we got up too but suffice to say we both had an enjoyable time.

Emily is a real babe & nothing was too much trouble for her.

Hope to see Emily again soon, very soon.

Treat her well guys & she will do the same for you, a real diamond in the desert of suffolk where it is becoming increasingly difficult to find a truly lovely lady escort.
