### The Premises:

House with easy parking. Fairly easy to find close to A1 and not far from A19. First time I had visited an escort at a house (as opposed to a flat / aptment), was a little apprehensive, but need not have been. Very nice area.

### The Lady:

Lovely freckle-faced red head. Mid-twenties. Figure wise (and not being nasty) she is not the slimmest but then I like all shapes and sizes and thought she was fantastic !!!! Amazing natural tits !!!

### The Story:

I had emailed Victoria over the previous week after missing booking her before she left the agency she used to work at (and thanks to the guys who gave me the info on her website). She replied every time and answered my questions always.

When the day arrived, texted to confirm and off I went. What I found was not what I expected.....but by no means in a bad way. After reading reports on here, I knew about the softly spoken girl who was an animal in the bedroom and how accurate those reports certainly are. She seems to genuinely throw herself into the action and she makes sure she gets plenty of fun out of it as well. What those other reports don't tell you is what a wonderful person she is.

Yes, we did the dirty and she fulfilled my requests with great enthusiasm.....what I was not expecting was to be still sat with her an hour after my "time" was up, talking about mutual interests, which quite frankly, knocked me sideways as to what she liked and how much she knew about those subjects that I too enjoy (nothing sexual here, just hobbies and interests in general). I felt there was no great urgency for me to leave (I would like to point out that we did not engage in any sexual activity after the 2 hours was up, so I hope that no one takes the extra time to be in that manner). We also found that we knew mutual friends (not escort related).

All in all, there are some people who you find are cold and others that you warm to and Victoria is definately a person I warmed to. Lovely person and without doubt a 10 out of 10 for sex, personality and conversation.
