The Story:

I saw Kinky La Rue early August, I had not seen a BBBW for some time and wanted to re-live the experience. I rang her and made an appointment for later that day - please remember guys to give her plenty of warning as she does not live at her work address and she needs to make the necessary arrangements to get there. I had met her once before - many years ago now when she was called Brandy and I have always wanted to pay a return visit. Well the opportunity presented itself and the arrangements were made. At the appointed time she greeted me at the door wearing stockings, basque and panties, looking big and beautiful. We exchange pleasantries, reminiscences and dealt with financial matters. Now down to business. I wanted dirty sex and some domination and boy did she give it to me.

As she states in her blog she gave me rude, horny, dirty sex - she pulled on my nipples and twisted them as she know how much I liked that - and then some more. She pinned me on the bed, her legs trapped my arms and kept pulling and twisting to see how much I could stand and she had a wicked smile on her face as she was doing it. I called her a sadistic bitch and she called me an old dirty bastard. She forced her ample tits in my mouth and got me to suck on both nipples at once. She licked my face, spat in my mouth and face - oh lovely - and drank the wine I brought her whereupon she gave a deep long kiss before returning the wine to me from her mouth. This was fucking filthy, fucking lovely. After a while she then wanted me to lick her out which I did gleefully. She pulled my head into her sweet smelling and wet pussy and wouldn't let me go until she had been satisfied. Then she was back ?playing? with my nipples with her hands whilst I slowly wanked myself off. She pulled and twisted until I could stand no more and shot my load.

Thank you Kinky for a wonderful session, I will be back for more.
