### The Premises:

Outcall so my place - tidy after a fashion and clean.

### The Lady:

A lovely looking lady - probably early forties, 5'6" ish (wasn't applying a tape measure..lol), curvy yet slim, shoulder length brown hair, brown eyes, large breasts (no didn't measure them, website claims very large D+ and I'm not going to disagree). Photo is a good representation of Sam.

### The Story:

Sam arrived a little early, but had rung to warn me. Sorted out the money and she rang her driver to let him know everything was ok. Then upstairs to the bedroom. Not going into exact details - was preoccupied and didn't take notes...lol. But we kissed, oh boy Sam enjoys kissing, a spot of head massage - very relaxing but managed not to fall asleep. Both enjoyed the oral we gave each other and finished with Sam on top of me - my favourite position.

Not the first and hopefully not the last time I'll be able to see Sam . Genuinely did not feel like a timed session - I lost myself in Sam's arms and time passed unnoticed. Wonderful.
