The Premises:

Place not too far from tube station but was not easy to find due to her poor English. Called her 15 minutes in advance to ask for directions and she could not speak - I thought she said she would call me back in 2 minutes. She never did. I had to text her twice for directions. Arrived 9 minutes late.

The Lady:

Pictures in website are accurate.

The Story:

I am honestly surprised this Lady had so many positive reviews from previous punters. When I arrived she seemed a little annoyed since I was late (I guess) which is maybe understandable but this was mostly her fault - I just said nothing and tried to engage in friendly conversation.

She was not responsive at all and did not take any initiative. I was supposed to stay 1 hour but after the first go I could not move to round 2 and I just rushed out of the place! (this never happened to me!!).

Honestly one of my worse experiences.
