Private house in a safe area on one of the many estates in Telford

## The Lady:

Stunning blonde in her thirties. The web site photos are very good and are updated regularly as her regulars will no doubt know.

## The Story:

I have visited the famous Helen of Telford three times now and have enjoyed the experience more & more each time. She opens the discussion with a long lingering kiss but the action doesn't start until we are out of sight of the glass front door for obvious reasons! Once the "first flush" is doen away with, it is just like being with an old friend who just also happens to enjoy sex in all its aspects.
