The Premises:

This was my first visit to Brooklyns. The maid was a great help giving me directions. For anyone who has not been before, the entrance is at the top of some outdoor stairs at the back of the building - don't make the mistake of going into the back of the takeaway below like some have. The outdoor stairs made me feel a bit vulnerable/on show to anyone looking who knows what's going on in there. But when inside it is very nice and the maid was very welcoming. Full uncensored pictures of the girls on offer are on the wall. The room I saw was nicely decorated. There is a shower but not inside the room.

The Lady:

Kennedy is as described before, a lovely slim dyed blonde. Very friendly personality.

The Story:

I enjoyed my hour with Kennedy. We spent time talking which is always nice, but eventually I felt I had to take the initiative and start things moving. So I moved to kiss her and explore her lovely body - including a wonderful pussy (mmmm).

Kenndy then did OWO (?10 extra) which was nice. We moved into sex with her on top briefly, but it became obvious that wasn't her strong point, so then mish with me standing at the end of the bed and then doggie on the bed before after much fast strong thrusting I came.

Afterwards we chatted some more before I had my shower and after as well.

I enjoyed my time, It wasn't GFE or PSE or anything with a great deal of passion. Kennedy is very accommodating and obliging, but just not in a purely passionate way but also not in a disinterested way. I think she is quite submissive. I think maybe if I got to know her a bit more then it might develop.

All in all though Kennedy is a lovely girl.
