The Premises:

Basement flat in a quiet side street just off Lordship Lane. Easy free parking. Flat is very discrete and secure. Bedroom at front is clean, spacious and fit for purpose.

The Lady:

Mature blond lady with large and firm pair of Bristols. Friendly and outgoing nature, at least at first!

The Story:

Gemma entered the room and pulled down the front of her black basque to reveal her fine rack, but that was the limit of her undressing, she said she was too lazy to undress properly!

She was reasonably accomodating to my initial requests, but then made it clear that for ?40 all that was available was a rub and tug service. I had made a mistake here, as I now realise that I have previously paid ?50 here for full sex. However, when she took my money at the beginning she did not confirm that she was only prepared to give a rub and tug.

When it came to the "main" event her technique was feeble, just two fingers up and down my shaft, which made me spurt, but did not provide much satisfaction.

I've decided that for the age and condition of many of the women here ?50 cannot be justified, so I will avoid this establishment in the future, unless I am desperate!
